METHOD - 02

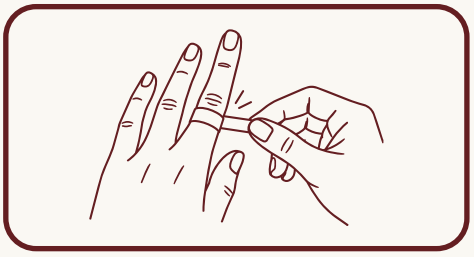

No Ring? No Problem.

All you need is a thin strip of paper, a pen and a ruler.

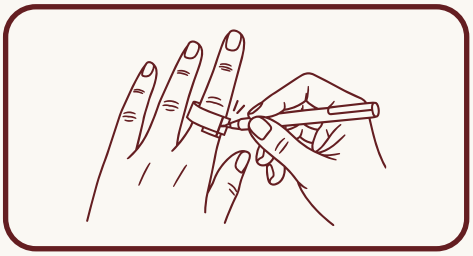

01 **Cut**
Cut a thin strip of paper or thread, about 10cm long.

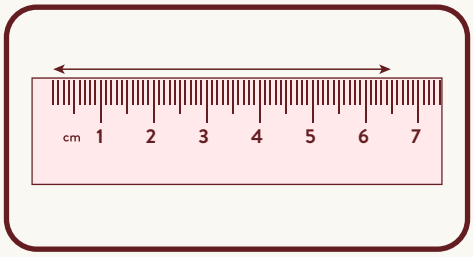

02 **Wrap**
Wrap it snugly around the base of your finger, just below the knuckle.

03 **Mark**
Mark where the strip overlaps.

04 **Measure**
Lay it flat and measure to the mark in millimetres.

A Few Tips for the Perfect Fit.

Measure at the right time

Finger size can change with temperature.
Measure when your hands are at normal temperature.

Measure the right finger

Finger sizes can differ between hands
and even between fingers.

Consider the ring width

Wider bands can feel tighter. If you're choosing
a wider ring, consider going half a size up.

Measure twice

For the most accurate result,
measure more than once.

When in between sizes

We recommend choosing the larger size
for a more comfortable fit.

BECAUSE EVERY SMILE FITS DIFFERENTLY
